

DIMAS ALBERT ABRAHAM

Gresik, Indonesia | [Personal Website](#) | [+6285745974148](#) | [albertabraham28@gmail.com](#) | [Linkedin](#) | [Github](#)

PROFESSIONAL SUMMARY

Results-oriented Full-Stack Developer with over 3 years of experience specializing in the Laravel ecosystem and Nuxt.js framework, with a proven ability to architect and maintain robust web applications ranging from complex ERP systems to high-performance custom websites. By bridging the gap between powerful back-end logic and seamless front-end interfaces, I utilize Nuxt.js to deliver SEO-friendly, reactive, and fast user experiences while remaining passionate about writing clean, maintainable code and solving intricate technical challenges to provide scalable software solutions for a global audience.

EDUCATION

UNIVERSITAS INTERNASIONAL SEMEN INDONESIA

Bachelor of Science

Major in Informatics;

Cumulative GPA: 3.74/4.0; PPA Dikti Scholarship 2019 (1 Semester);
